The figure is an aerial photograph of a rural area with various agricultural and residential features. A dashed orange line outlines a specific zone. Within this zone, there are several labeled areas: 'Parcelle cultivée' (cultivated parcel) in the upper left, 'Parcelle maraichère' (vegetable plot) in the upper right, 'vue photo' (photo view) in the center, and 'Parcelle maraichère (serres existantes)' (vegetable plot with existing greenhouses) in the lower right. A 'Fossé' (ditch) runs vertically through the center. A 'zone des 100 mètres' (100m zone) is indicated by an orange arrow. Several points are marked with black triangles and labeled P9, P10, P11, P12, P13, and P14. Surrounding the outlined area are 'Habitations voisines' (neighboring houses), a 'Magasin d'alimentation' (food store), and a 'Garage automobile' (car garage). A 'Habitation voisine' (neighboring house) is also labeled. A scale bar at the bottom left indicates a distance of 100 meters. A small inset map shows the location relative to Angers and Tours.
