The map shows numerous small villages and hamlets such as la Freuzière, le Moulin Neuf, la Croix de Pierre, la Noue, le Bas Vernay, la Roche, la Babinère, and le Buron. It features contour lines indicating elevation, a network of roads (some labeled D 49, D 581, D 61), and water bodies like the Garpine river and several ponds. A red location pin marks the village of la Babinère. In the bottom left corner, there is an inset map showing the location of the study area relative to Nantes. A scale bar at the bottom right indicates distances up to 1000 meters.
